

1st Breakout room activity

Why are so many people
around the world going
to live in cities?

In which
paragraph 1-4
does Professor
Rhodes talk
about these
topics?

a) Cities and the
countryside

b) Cities near the sea

c) Energy, money and
politics

d) Working and living
in cities

2nd Breakout room activity

What reasons does Professor Rhodes give for these predictions?

1. Cities will have many centres

2. Big cities will stop growing

3. Buildings will use local materials

4. There might be political problems

5. Some cities near the sea will need help

3rd Breakout Room Activity
